

# Enviroboard<sup>®</sup> Trays.

**Go sustainable,  
go foam-free!**

Enviroboard<sup>®</sup> trays are made from natural and renewable sugarcane bagasse to provide businesses with a more sustainable packaging solution than traditional foam trays. Along with its natural and sustainable design, these trays offer an attractive and sustainable solution for any deli or produce department looking to reduce their environmental impact and to present their fresh produce and deli items.

**Applications:** Fruits, vegetables, cheeses & protein.

Made from 100% renewable sugar cane fibre

Home compostable

Strong and sturdy

No waxes or linings

**Trays can take shrink wrap & flow wrap.**
